

Learning Style	Teaching Method Examples
Dependent	Lecture Samples with explanations Structured exercises with answers
Collaborative	Small group exercises Peer reviews Role-plays in groups
Independent	Research assignments Short quizzes with immediate feedback In-class professor questioning of students
Visual	Slides and Videos Charts Graphs
Auditory	Verbal explanations from professor Opportunities to “think out loud” Simulations of practice (oral arguments, meetings)
Read/Write	Reading assignments In-class writing exercises Class outlines and summary slides
Kinesthetic	Participatory simulations In-class research with professor oversight Marking up print samples before class discussion
